

CDVI

Centaur®

INTEGRATED ACCESS CONTROL

SEMINAR INVITATION

Manufacturing Access Control since 1985

IMPROVE YOUR SOURCE OF REVENUE

DISCOVER THE NEWEST FEATURES AND ADVANTAGES OF CENTAUR 5.1

Guard Tour Feature

Live interactive guard tour allows check point validation using card readers, key switch inputs or data collectors. Includes live alarms for time violations and intuitive exception reports.

Asset Management Feature

Why buy duplicates if you already have one. Keeping track of your assets allows you to save time and money. Quickly know where your assets are and who has them.

Biometric Integration

CDVI is proud to announce their partnership with L-1 Identity Solutions (formerly Bioscrypt). Capturing, managing and transferring biometric data for fast, accurate, identity tracking, is now effortless with L-1 Identity Solutions.

Improvements and built-in features:

- DVR Integration
- Visitor Management
- Parking Management
- E-mail reports of your activities
- Locate card holder in real-time
- Live Interactive Floor Plans

SEMINAR DESCRIPTIONS :

- Learn, understand and implement common access control applications
- Hands-on course. Participants will install, configure and operate their own system
- Implement real-world applications
- Manufacturer certificate of completion
- Receive a FREE Centaur Demo software V5.1
